PRODUCERS----ADJUSTERS----BUSINESS ENTITIES CLEARANCE LETTER REQUEST

(A request for a clearance letter terminates your resident license in NH)

Please fax to 603-271-7029 or email to producerquestions@ins.nh.gov

This form is to be completed by NH Licensees who are moving from NH to another state and said state **requires** verification of termination of resident license in NH in the form of a clearance letter.

The status of all NH licenses is reported daily to the NIPR database. The cancellation of the NH license will appear in the national database the following day. This is sufficient verification for most states. **Most states no longer require clearance letters.** Check with your new resident state to make sure they actually require a letter. If a clearance letter is not required, submit a surrender of license request.

Should you wish to maintain a NON-RESIDENT license in NH, you have 30 days from termination of your NH Resident license to provide us with an address change form and \$10 fee.
